

SARS-CoV-2 Neutralizing Antibody (6D11F2), mAb, Mouse

Cat. No.: A02055

Overview

Specificity	The product is specific for SARS-CoV-2 Spike Protein S1 subunit and its RBD domain
Host Species	Mouse
Immunogen	Recombinant SARS-CoV-2 Spike protein fragment
Conjugate	Unconjugated

Applications

Working concentrations for specific applications should be determined by the investigators. The appropriate concentrations may be affected by secondary antibody affinity, antigen concentration, the sensitivity of the method of detection, temperature, the length of the incubations, and other factors. The suitability of this antibody for applications other than those listed below has not been determined. The following concentration ranges are recommended starting points for this product.

Application	Recommended Usage
ELISA	0.01-0.1 µg/ml
Flow Cytometry	10 µg/ml
Surrogate Virus Neutralization Test (sVNT)	2-10 µg/ml

Properties

Form	Liquid
Storage Buffer	0.2 µm filtered solution in PBS, pH 7.4.
Concentration	1 mg/ml
Storage Instructions	Store at -20°C. This product is stable for 1 year upon receipt, when handled and stored as instructed. Avoid repeated freezing and thawing cycles.
Purification	Protein A affinity column

Isotype	Mouse IgG1, κ
Clonality	Monoclonal
Clone ID	6D11F2
Note	GenScript can customize this product per customer's request including product size, buffer components, etc.

Examples

ELISA binding of SARS-CoV-2 Neutralizing Antibody (6D11F2), mAb, Mouse (GenScript, A02055) with recombinant SARS-CoV-2 Spike Protein S1 RBD(GenScript, Z03483) and SARS-CoV RBD.

Background

Target Background : SARS-CoV-2 (Severe acute respiratory syndrome coronavirus 2), also known as 2019-nCoV, is a positive-sense single-stranded RNA virus. It caused coronavirus disease 2019 (COVID-19). SARS-CoV-2 contains glycosylated spike (S) protein, which is composed of S1 subunit and S2 subunit. The S1 contains a receptor-binding domain (RBD) that can bind to ACE2 receptor on target cells.

Synonyms : 2019-nCoV Neutralizing Antibody, mAb, Mouse

For laboratory research use only. Direct human use, including taking orally and injection and clinical use are forbidden.
