Certificate of Analysis

Product Information

Product Name:	MonoRab™ AMH antibody (103D6), mAb, Rabbit
Cat. No	V05204
Quantity:	Specified on product label
Presentation:	50 mM Na-citrate, 150 mM NaCl, pH 7.0, containing 0.03% ProClin 300.
Storage:	For up to three months at 2-8°C or for up to three years at -15°C~-25°C. Avoid repeated freezing and thawing cycles.
Reactivity:	Specific to human AMH
Purification:	Affinity chromatography
Lot No.	B2011018

QC Results

Characteristics	Methods	Limits	Values
Exterior	Ocularestimation	Transparent , No flocculent precipitation	PASS
Concentration:	A280 with the extinction coefficient 1.43	≥ 2 mg/mL	5.1 mg/mL
Reactivity	ELISA	≥1:20,000	PASS
Purity:	SEC-HPLC	≥ 95%	PASS
Aggregation:	SEC-HPLC	≤ 5%	PASS
Expiry Date:	-	-	11/01/2023

N/A: Not available

Date: 11/25/2020

Approved by: *Dandan Yao*

Quality Department

For laboratory research use only. Direct human use, including taking orally and injection and clinical use are forbidden.
